In the Spotlight!

Behavioral Health Integration Resource Library Launched!

We are excited to announce a new addition to the Institute website – links to over 150 resources about integrated behavioral health! In addition to gathering existing materials, the library includes some original content we developed in partnership with the Oregon Health Authority's Transformation Center – including five [virtual clinic visits](#) to sites leading the way in integrated care, and [expert interviews](#) on a variety of behavioral health-related topics.

Please visit and share the **NEW** [Behavioral Health Integration Resource Library](#).

Let's Talk About Change Management!

You have probably heard the term change management used in many different contexts, both specific and broad.

The good news is the term relates to a wide spectrum of work. The bad news is that a shared meaning around this term can be very difficult to flush out. What do people really mean when they talk about Change Management?

About Us

Thank you for subscribing to the Patient-Centered Primary Care Institute newsletter. The Institute accelerates primary care transformation in Oregon by bringing together health care providers, clinic staff, technical experts, patients, quality improvement professionals and others to share valuable knowledge and resources. To learn more about our work, visit pcpci.org.

The Institute is continually gathering valuable resources, tools and information to share with practices in all stages of patient-centered primary care home transformation. Find many other resources searchable by topic area, resource type or PCPCH standard [on our website>>>](#)
