

## **Refund Policy**

Due to the limited space of the training program, Comagine Health will not issue any refunds within 60 days of the first day of the training. A cancellation before 60 days will be fully refunded, or applied to a future training program.

For organizations planning to send a group of registrants, Comagine Health strongly recommends identifying each individual in advance of registration to avoid costly last-minute cancellations.

Comagine Health and CareOregon reserve the right to cancel any training due to insufficient enrollment at least 30 calendar days in advance of the scheduled date. Comagine Health will provide notice to registrants with the option to reschedule for a future course date or to receive a full refund of registration fees.

If a PCPCT training is cancelled due to unforeseen circumstances such as weather, natural disaster, etc. the customer is entitled to reschedule for a future training course. Comagine Health and CareOregon are not responsible for any expenses incurred by the customer if a training course is cancelled.

If you have questions about this refund policy, please email [PCPClinfo@Comagine.org](mailto:PCPClinfo@Comagine.org)
